Channeled Choice[®]

Best Quality. Better Price.

PREMIUM LABEL STOCK

 Channeled Resources Group[®]

Our new agreement with a major industry manufacturer means opportunity for you.

You may know us as a respected supplier of reprocessed pressure-sensitive label stock. But we hope you'll come to know us as a valuable resource of premium label stock – offering you best quality at a better price.

It's Good News For Converters

Having signed a supply agreement with a major US substrate manufacturer, we are now able to offer you thousands of best quality pressure-sensitive papers and films at a better price. This huge volume of choice materials features off-cuts of core and specialty products on 4.5" and wider rolls of 5,000 to 20,000 feet.

With Literally Tons Of Opportunity

Converters of all sizes can select from our massive, premium pressure-sensitive inventory warehoused in Wisconsin. Choose from:

- Premium papers in glosses, metalized and laminated foils
- VI papers for thermal and uncoated labels
- VI films including white, clear and silver metalized polyester
- Prime film options in rigid and conformable including white, clear and metalized stocks

Choice Service, Too

With Channeled Resources Group, you can talk to a real person who is trained to respond quickly to inquiries, orders and problems. You'll have the option to place small quantity orders. And the confidence that comes from a less than 2% reject rate per year.

Interested In Other Things Beside Premium PS?

We've got you covered there, too. We offer:

- B-grade, reprocessed label stock - our Channeled Value line
- Non-pressure sensitive papers and film
- Specialty tapes
- Calvin Frost Environmental Consultancy
- Release liners
- Contract converting
